

Mike Dito

Overview: In Kwirk, you play a puzzle solving tomato, named Kwirk. You're trapped at the top of a tower, and you need to solve a puzzle on each of the ten flights of stairs down. Originally developed for the Gameboy, in this remake you'll play classic levels from the original with modern graphics. Good luck.

Genre: Puzzle

Goal: Solve all ten puzzles to escape the tower.

How to play: In order to make it through each level you need to solve a puzzle by interacting with some objects on the screen. You will need to rotate turnstiles, push blocks, and fill holes to clear a path to the stairs.
